138 4/7 [illegible] The year has closed and no orders pointing out the source from which the addl Expenditure was to be met was issued, the Excess Expenditure has now been formally passed as being authorised. Perhaps it would be better in this connection to call for a Statement of Excesses from the Comptr and pass one single order when issued a number of them. Every care was taken to suggest reappropriations in time but occasional unauthorised Excesses are bound to occur and the action suggested above may perhaps be more easily taken.

Memo

In his letter No 358 Dg. 1-11 B Coleman asked for a provision of Rs 2000 to be made in the ensuing budget for 1911-12 for taking remedial measures against ~~grass & Rice fly~~ Rice & Jola grass-hoppers. He has stated that these two pests have been causing great damage to paddy, jola & other crops in the Kadur Shimoga, Chitaldrug & Mysore Districts. He has proposed to adopt two measures (1) deep ploughing & (2) Catching of the insects by nets.

The Fin[l] Secretary remarked that the matter was one for the influential & Educated ryots to take the initiation in.

The Rev. Comr who was Consulted ~~states that the ryots would~~ have & is of opinion that deep ploughing should be confined to small areas

at Govt- Cost as the ryots would not incur the heavy Cost- for experiments & as deep ~~plot~~ ploughing is not unattended with danger & that Catching & destruction of insects should be done at Govt- expense.

The Fin Secy thereupon remarked that provision might be made in the budget.

On 16. Feb 11 the Dewan ordered that the matter may be entered in a Special list for Consideration at Budget time that enquiries might be made as to the measures taken in Madras & Bombay as to ~~the measures adopted against the pest~~ & that the file may be Circulated to Councillors. He has further remarked that he would sanction the purchase of ploughs &c not costing more than Rs 2000 & that the outlay should be partially recovered by the sale of ploughs.
